

Describe It With Adjectives

Name: _____

Study the picture below. On the lines under the picture, use descriptive words to explain what you see in the picture. Give as much detail as you can. When you are finished, read your description to a friend and see if he/she can draw what you have described.

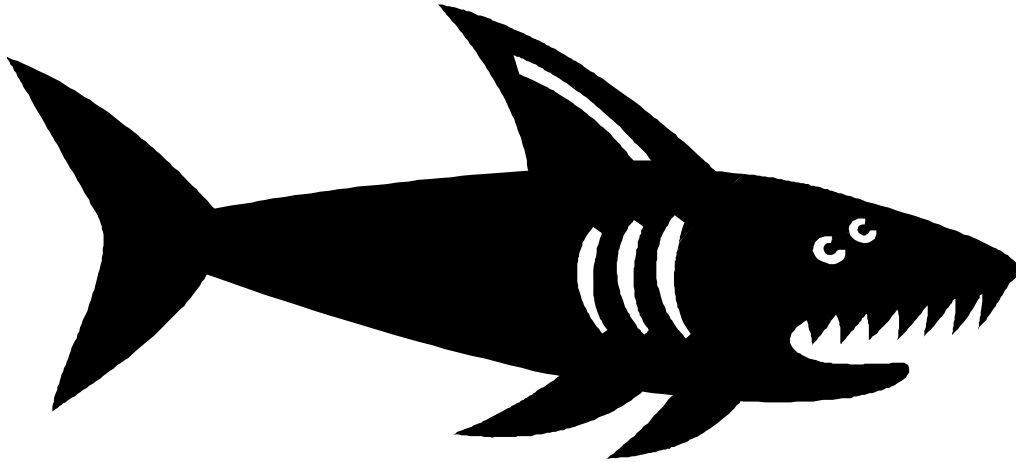

Check it! How closely does your friend's drawing match the picture you were describing?

What could you revise in your description to make it easier for someone to match the picture with his/her drawing?

Describe It With Adjectives

Name: _____ Key _____

Study the picture below. On the lines under the picture, use descriptive words to explain what you see in the picture. Give as much detail as you can. When you are finished, read your description to a friend and see if he/she can draw what you have described.

Student descriptions will vary, but should include specific details that match the
picture and would allow another student to draw the picture above without looking
at it.

Check it! How closely does your friend's drawing match the picture you were describing?

What could you revise in your description to make it easier for someone to match the picture
with his/her drawing?
