

Nouns as Adjectives

Adjectives describe, or modify, nouns. Sometimes nouns can also modify other nouns.

Example: peanut butter

Peanut is a noun that describes the main noun *butter*.

Below are some noun phrases. For each phrase, write A in the blank if the main noun is modified by an adjective. Write N in the blank if the main noun is modified by a noun and circle the modifying noun.

Example: _____ **N** peanut butter

1. _____ flower pot

6. _____ cake mix

2. _____ cool rain

7. _____ football game

3. _____ loud noise

8. _____ soft blanket

4. _____ snow shovel

9. _____ chocolate ice cream

5. _____ big dog

10. _____ deep blue sea
