

Latin and Greek Root Words: Gress and Posit

Latin and Greek are the source of many root words in English. *Gress* comes from the Latin word meaning “step.” *Posit/pos* is from another Latin word meaning “place” or “put.” When combined with a prefix, suffix, or another root word, these root words become common English words. For example, the prefix *in-* means “into.” Combine *in-* and *gress*, and you have the word *ingress*. Based on its original meaning, *ingress* means “step into” or an entrance.

Use the list of prefixes in the word bank to make five different English words out of *gress* and *posit/pos*. You may add an additional prefix or a suffix, or change the spelling a little if needed. Write a sentence for each word you make and circle the word you made from the root word. Be sure and find words for both *gress* and *posit/pos*.
