

Latin and Greek Prefixes: Epi- and Mega-

Many prefixes we use in English originally come from Greek or Latin words. The prefix *epi-* is from Greek meaning “upon” or “over.” The prefix *mega-* is from Greek meaning “large” or “great.” If you understand what the prefix means, it will help you understand the meaning of the whole word. For example, the root *taph* means “tomb.” Combine *epi-* with *taph*, and it becomes the word *epitaph*. Based on its original meaning, *epitaph* means “over tomb” or a statement or inscription about a deceased person.
