Latin and Greek Suffixes: -Ate and -Able/-Ible

Many suffixes we use in English originally come from Greek or Latin word endings. The suffix *-ate* is from Latin meaning "have," give," or "characteristic." The suffix *-able/-ible* is from Latin meaning "ability" or "can do something." The suffixes often change the way the root word is used, such as from a noun to an adjective. For example, the root *port* means "carry." Combine *port* with *-able*, and it becomes the word *portable*. Based on its original meaning, *portable* means "can carry" or something that can be moved from place to place.

Use the list in the bank to make five different English words out of *-ate* and *-able/-ible*. You may add a prefix or change the spelling a little if needed. Write a sentence for each word you make and circle the word you made with the suffix. Be sure to use words for both *-ate* and *-able/-ible*.
